WORDMARK

This Logo is composed of two fundamental elements: the icon and the wordmark. Serving as a readily identifiable brand element, it is crucial to present it consistently across our product and marketing endeavors.

Under no circumstances should the logo undergo modification, distortion, or redrawn, preserving its integrity and recognition.

We've defined an exclusion zone that stops other graphic elements interfering with the Logo and make sure the logo is easy to read.

Proportions, space and size relationships of all blocks have been carefully developed and must not be altered, redrawn, embellished or recreated in any way. An important part of maintaining a consistent presentation is keeping a clear space around the logo from other text, graphics or illustrations. Crowding the logo detracts from its legibility and impact.

The color version of the logo features a combination of artclick red, dark grey, and white. The red represents passion, love, anger, energy, happiness, the grey adds wisdom & dignity, and the white symbolizes creative freedom. The monochrome version of the logo is to be used when color reproduction is limited.
